„I hate this bad overview
in the machine.“

„Look at the overview!
That's really great!“

www.TSCHORN-GMBH.de

„Robust construction -
unbreakable.“

Mess- und Spannmittel

Service

www.TSCHORN-GMBH.de

„That's how service should
work: fast and simple.“

„With a carbide ball,
parallel running works
great.“

„All in one saves a lot of
time.“

„Antimagnetic,
makes it easier.“

„Probe tips that break
when it matters.“

Precision is measurable - in contrast to child poverty!

For each sold 3D Tester, we donate one euro to the project „Kinderreich“ (translation: rich children)!

The initiative „Kinderreich Rems-Murr“ provides fast and unbureaucratic assistance to needy children and teenagers in the surroundings of Stuttgart.
